

“Building a Comprehensive Online Presence
Sanjay Hospital's
Custom Website Development
from Scratch”

CLIENT BACKGROUND

Sanjay Hospital required a comprehensive website to serve as an information hub for patients and healthcare professionals.

OBJECTIVES

Develop a professional, user friendly website.

Include appointment booking and contact functionalities.

Showcase medical services and staff.

CHALLENGES

1. Complex Functional Requirements

Needed to integrate appointment booking and patient portals.

2. Need for Professional Design:

The design needed to convey trust and reliability.

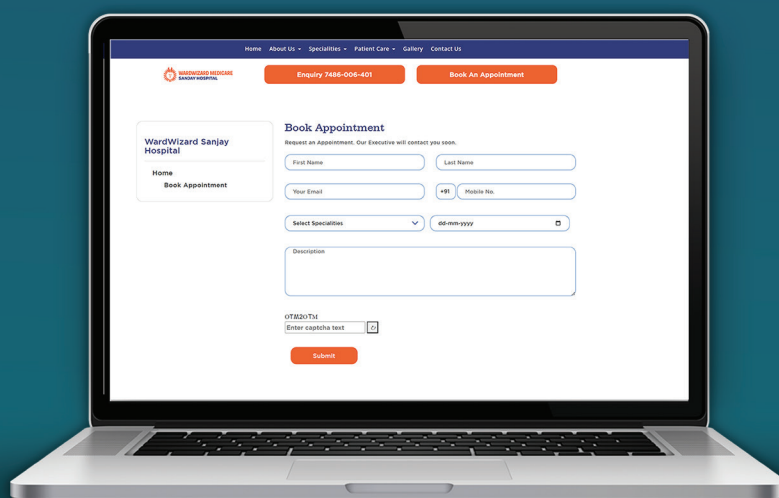

SOLUTIONS PROVIDED

Professional Design:

Created a clean, modern site aligned with the hospital's professional services.

Functional Integration:

Implemented appointment booking and patient portal functionalities.

SOLUTIONS PROVIDED

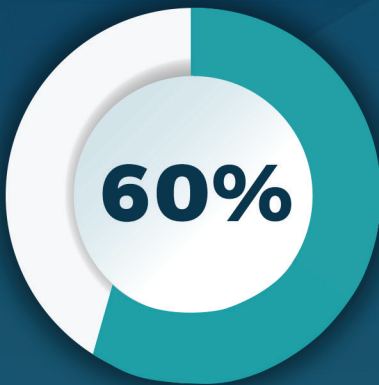

Mobile Optimization:

Ensured full responsiveness across all devices.

RESULTS AND IMPACT

1. Improved Patient Access

The website facilitated a **60% increase in online appointment bookings.**

2. Enhanced Online Presence:

Achieved a **50% reduction in call volume** for appointment scheduling due to the online booking feature.

THANK YOU

**Ready to turn your vision into
a stunning website?**
